

# The World of Karma

**Light Academy- workbook with Episode 1:  
The World of Karma - an Introduction**

*Dear . . . ,*

I think you already looked at the first video from the Light Academy. This first video in the series on Karma is at the same time also an introduction on the concept of the Light Academy.

To support you in the processing of this video, I created some questions to help you to go deeper within yourself. What in this video touched you? This first video is only a start to your journey within. You can print this document and write your answers in the spaces below each question.

Lots of love,  
**Kelly**

*The Light Academy*

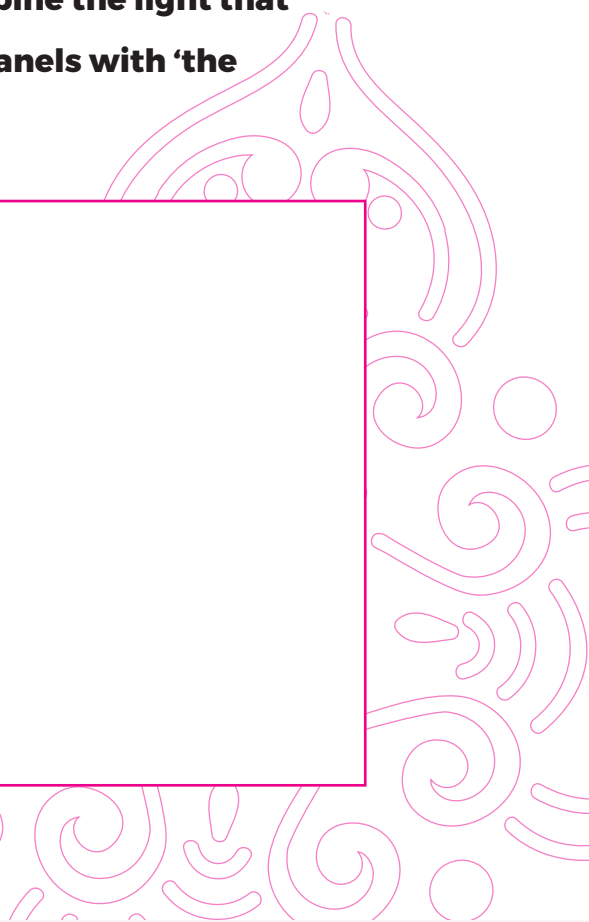

**1) Do you know how to create light with solar panels?**

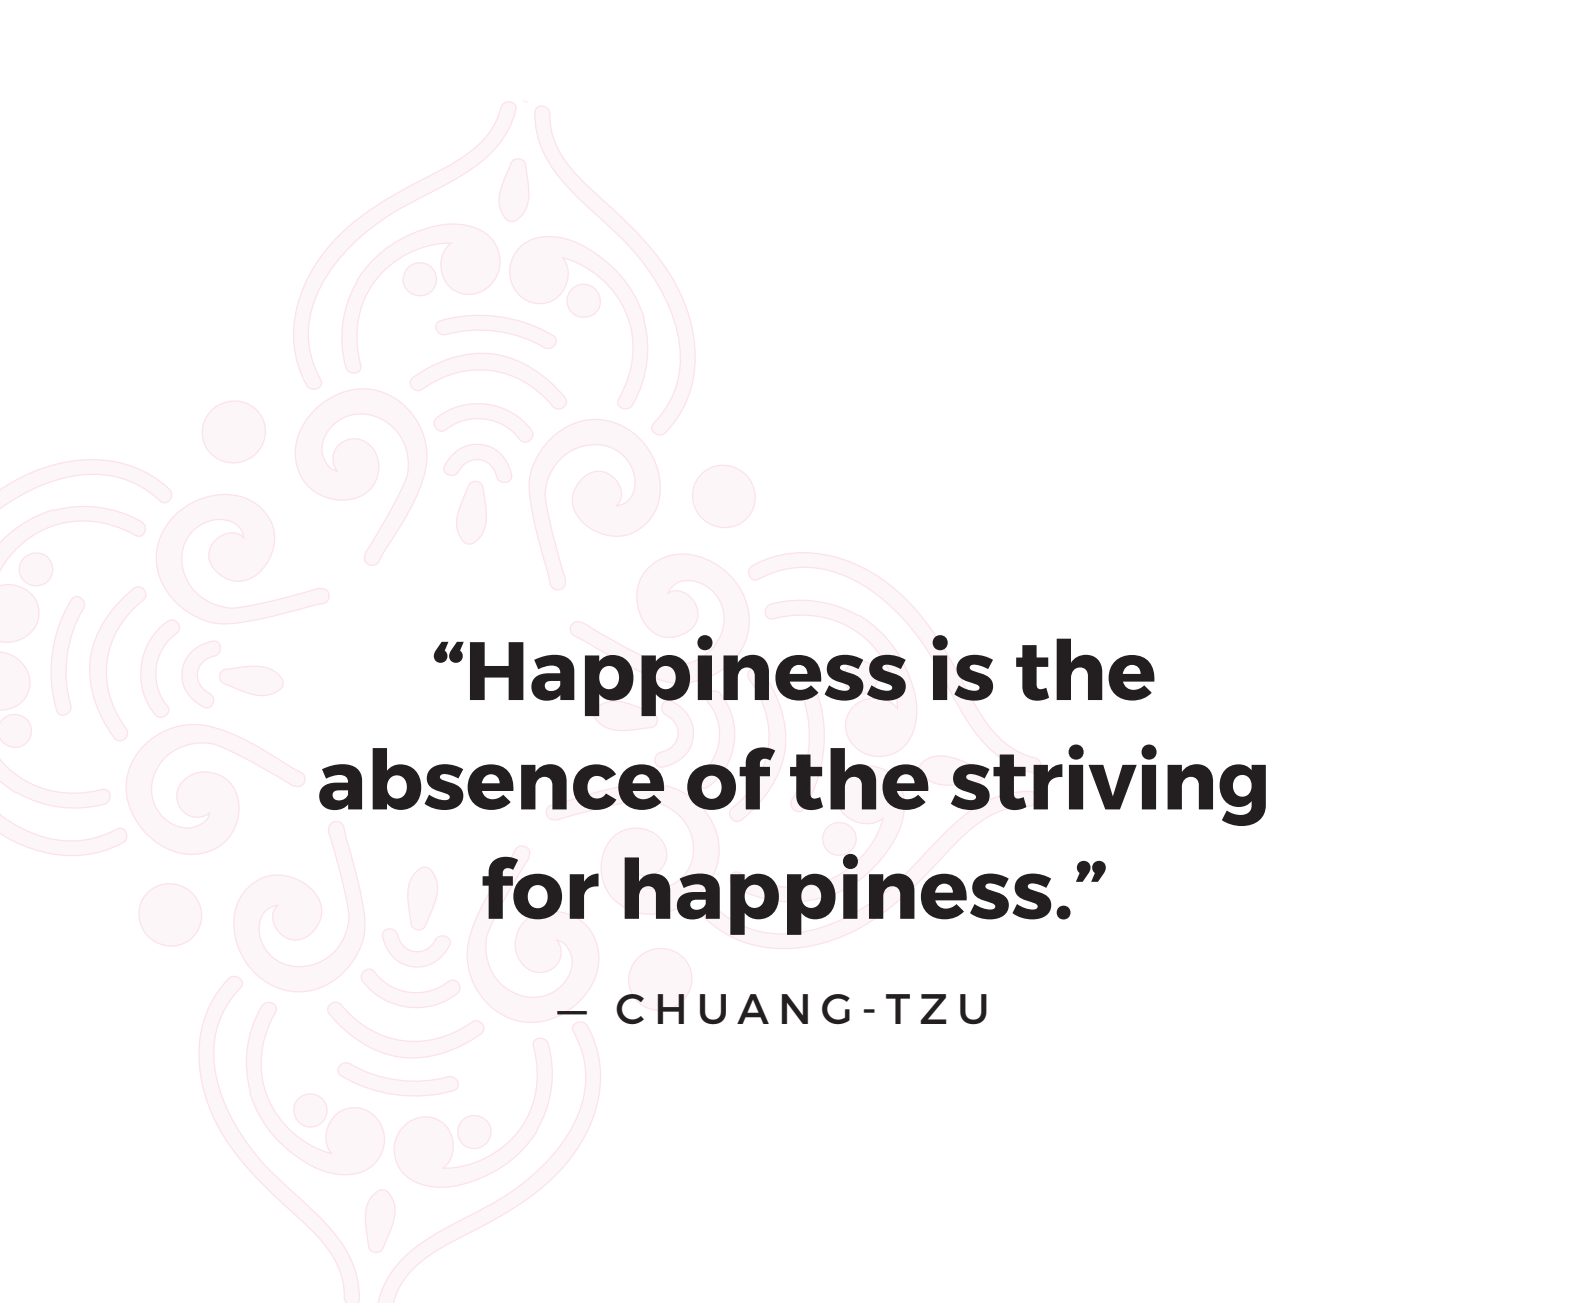

**2) Do you know that every human being also carries 'a light within'? Did you already discover this light in other people?**

**3) Do you know that a lot is written in old Indian scriptures on this light within? For example, in the Yogasturas from Patanjali the 'Purusa' is mentioned.**

**4) Do you understand how we want to combine the light that is generated with the technology of solar panels with 'the light within' in the Light Academy?**

**“Happiness is the  
absence of the striving  
for happiness.”**

– CHUANG-TZU
